Conviction Of Homma Must Stand

Supreme Court
refuses to
Intervene in
Manila Trial

WASHINGTON, Feb. 11—(P)—The Supreme Court refused today to intervene in Manila proceedings in which Japanese Lt. General Masaharu Homma was convicted as a war criminal and sentenced to be shot.

Homma sent petitions by air mail from Manila asking the high court to take him out of the hands of the military. He also asked review of the refusal by the Philippines supreme court to grant a writ of habeas corpus.

Homma's petitions were similar to those sent earlier by the convicted Japanese general Tomoyuki Yamashita. The court last Monday rejected all Yamashita's contentions and General Douglas MacArthur has ordered he be hanged.

The court based its rejection of Homma's petition on the decision in the Yamashita case.

Two Dissent

Justices Murphy and Rutledge dissented to today's decision, as they did in last week's 6-2 decision in the Yamashita action.

Murphy said "procession of judicial Lynchings without due process of law may now follow," as the result of the supreme court's in the Homma and Yamashita cases.

Rutledge noted that he agreed with Murphy's views and also wrote a separate dissent.

Sentenced to be Shot

MANILA, Feb. 11—(P)—Lt. Gen. Masaharu Homma today was sentenced to be shot, convicted by a military tribunal of war atrocity charges, including the infamous Bataan death march.

Homma was moved immediately to Luzon prisoner of war camp number one, where he joined his successor as supreme commander of the Philippines during the palmy days of Japanese conquest, Lt. Gen. Tomoyuki Yamashita, and 10 other convicted war criminals.

While hearing his sentence, Homma stood in almost the exact spot in the ballroom of the former home of the United States commissioner to the Philippines where bemedaled and arrogant, after the Japanese conquest of the islands, he had received the homage of the puppet Filipino commission and collaborators in a widely publicized reception.

Within the range of his vision, as he stood before the five-man commission, across Manila bay was the fortress rock of Corregidor and the mist-shrouded hills of Bataan, from which he had herded Gen. Jonathan M. Wainwright, Maj. Gen. Edward P. King and their forces along the sun-scorched roads in the infamous death march.

The conviction was no surprise, as Homma had expected to be shot.

Two Bodies are Found in Cabin

COFFEYVILLE, Kas., Feb. 11—(P)—Clues that might unravel the slaying of a 31-year-old woman and a man companion, found beaten to death in a camp cabin here Saturday, were sought by police today.

Police Captain Arthur Gamble, who identified the bodies as those of Mrs. Opal Scott, wife of an overseas soldier and mother of three children, and Carl Benning, 27, both of Coffeyville, said little headway had been made toward solving the double slaying.

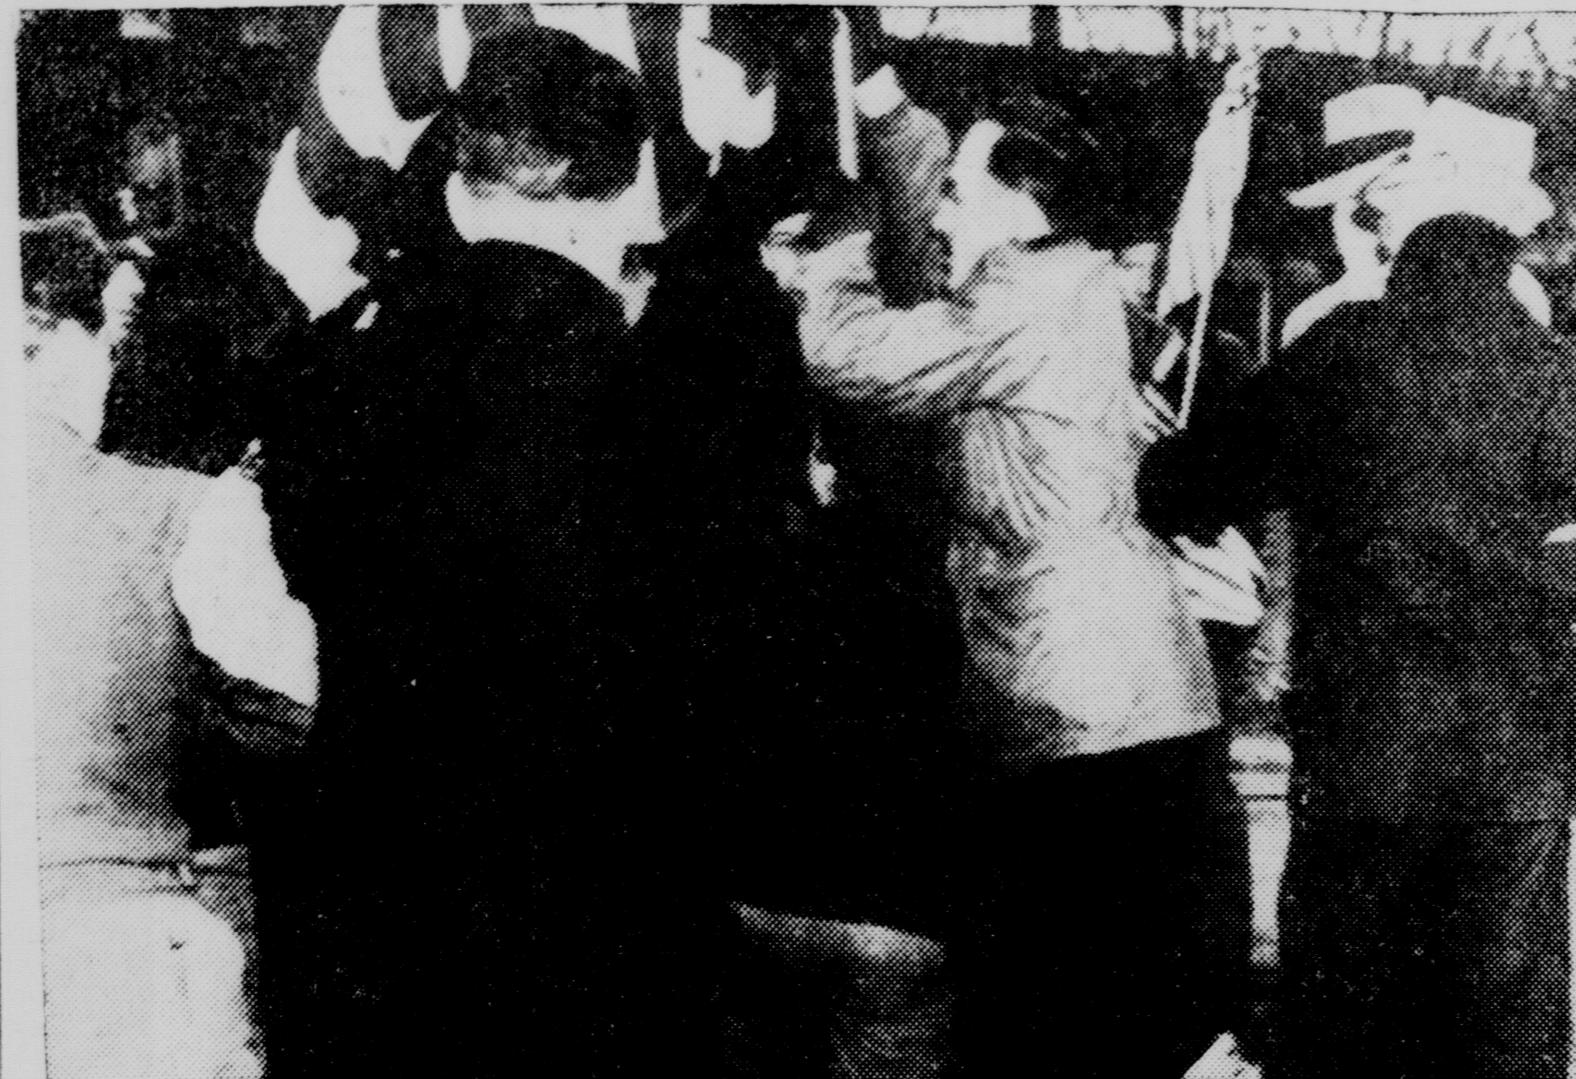

Gamble said Benning's automobile, taken from its parking space near the cabin, was recovered at Caney, 20 miles from here. The police captain said bloodstains were found on the upholstery.

Police said a hammer or similar weapon was used to crush the skulls of Benning and Mrs. Scott, mother of three children. The nude bodies of the man and woman, Benning's lying across a bed and Mrs. Scott's slumped on the floor, were found by the camp operator. Gamble said there was little disorder in the room and no sign of a struggle.

Gamble said a man being held for investigation told officers he was acquainted with Mrs. Scott, a recently discharged army veteran, but that he denied any connection with the deaths.

Churchill is Relaxing in Washington

Silent on Reason For his Sudden Flight to That City

WASHINGTON, Feb. 11—(P)—Winston Churchill today postponed his return to sunny Florida until tomorrow and settled down in the snow-clad British Embassy to rest and talk with the Earl of Halifax, his old friend and retiring British Ambassador to the United States.

The Embassy said the former Prime Minister had no definite plans for the day and no conferences scheduled.

Washington still wondered whether the sudden flight was prompted by protocol, Britain's new labor government or just plain pleasure.

The war-time leader remained mum. He told the Earl of Halifax, British Ambassador, he did not want to talk to the press upon his arrival. And he sped quickly past newsmen waiting in the snow outside the White House gate after his talk with the president last night.

Will Seek Churchill Views

The storm meanwhile raised the likelihood that acquaintances in congress would seek Churchill's views, publicly or privately, on Anglo-American affairs.

Right at the top of these would be the projected \$3,750,000 loan to Britain. There has been some speculation that it was this question that brought Churchill here at a time when Congressional approval of the grant remained far from certain.

But in other quarters—admittedly just as speculative—the opinion was advanced that Mr. Truman himself had sought a face to face meeting with one of the few who could furnish all the intimate details of what went on at the private wartime conferences between President Roosevelt, Churchill and Generalissimo Stalin.

Talk Over Plans

This theory developed from the year-old pact of silence on the Yalta agreement promising Anglo-American support for Russia's claim to permanent possession of the Kuriles and the southern half of Sakhalin, a big island north of Japan.

British officials, however, clung to the protocol theory. They said Churchill came here to discuss the March 5 speech at Westminster college, Fulton, Mo., where he will be introduced by the president. They argued that it would be only diplomatic courtesy for Churchill to acquaint Mr. Truman with what he is going to say in advance.

United States Says No to Soviet Demand

LONDON, Feb. 11—(P)—The United States came out tonight against Russia's demand for a United Nations security council investigation of conditions in the Dutch East Indies, arguing any action at this time might upset Dutch efforts to establish peace in the islands.

Edward R. Stettinius, Jr., speaking for the American government, said he believed Russia and the Russian Ukraine had not introduced sufficient evidence to show "a constructive purpose" would be served by having an investigation under United Nations auspices.

Dmitri Manuilsky, foreign commissioner of the Ukraine, had told the council it should act to restore peace lest the situation in Indonesia, like the civil war in Spain, prelude a great war.

Boy Scouts on Program at Rotary Club

Present Playlet In Observance Of Anniversary

In observance of the anniversary of the Boy Scouts, scouting was the subject of the Rotary program today at Bothwell hotel, with Lee Peabody as program chairman.

Mr. Peabody stated scouting had been in operation for 36 years, and that for the past 28 years a Boy Scout troop had been meeting at the First Methodist church, which troop, No. 54, of which Harry Lambirth is scout master, attended the meeting today.

The eagle rank is the highest rank in scouting and there are 14 Eagle Scouts in Troop 54. The silver beaver is the highest award given to one directing scouting and Mr. Lambirth and Rev. Fred King both have these awards.

A Cub pack, composed of boys from 9 to 11 years old, also meets at the church and has 23 members with Rex Schrader as leader.

Present Playlet

The scouts presented a playlet: "Worth of a Boy" led by William Morgan, in which they illustrated how scouting was an influence in good over evil.

A. W. Schlumbohm, field executive in scouting, talked briefly of the value to be derived from scouting.

Visitors at the meeting today were Rotarian Wesley Trout of Bloomfield; Rotarian Wm. Knox, acting president of the Warrens club; William A. Morgan, guest of L. L. Studer; Wm. F. Morris, U. S. N. guest of J. U. Morris; Rev. L. Swan, guest of Leo E. Eickhoff; Arthur Brewer, guest of the club and A. Schultz, guest of Harry Naugel.

Outlook for Poultry Good

KANSAS CITY, Feb. 11—(P)—Foreign requirements for dried eggs coupled with a war-created domestic appetite for poultry products has greatly improved the poultry outlook, Hobart Creighton, director of the poultry branch of the production and marketing administration, declared today.

In a speech before the institute of American Poultry Industries, meeting here in a fact-finding conference, Creighton said, "some persons had estimated a surplus of 20 million cases of eggs this spring. Now, apparently, the eggs we thought were going to surplus, are going to be in demand."

Another Witness

Albert Bennett, 27, 1809 South Kentucky, who is working in Kansas City, a companion of Alpert's and who served through the recent war with him, said he didn't know anything about the affair until Alpert and Bryant started fighting in front of the place. "We had started out and were looking for a taxi when suddenly a fight was in progress," Bennett said he was standing beside Alpert when Bryant walked over to his brother, then turned to the army hospital," the corporal related.

Fistic Fight Results in One Being Shot

Joe A. "Abe" Alpert, 27, son of Mr. and Mrs. Sam Alpert, 506 West Fourth street, is in a serious condition, from a gun shot wound suffered about 2 o'clock Sunday morning at the Jockey Club, 2209 South Limit avenue, which was said to have been fired by Harvey Bryant, Jr., 609 West Second street.

Merry-Go-Round

by Drew Pearson

WASHINGTON, Feb. 11—The 82nd Airborne division paraded up Fifth avenue, New York, on January 12, symbolic of the might of the United States army, the finest army in the world. Marching along with the veterans of this famous division were many low-point men, not eligible for discharge, who were returned stateside on the Queen Mary ahead of several thousand high-point GIs in Europe.

In December and early January this columnist received cables from thousands of protesting GIs with more than 30 months overseas service and eligible for discharge December 1. They wanted to know why low-point men of the 82nd division were ordered home while they stayed on in Europe.

The war department had an immediate answer. It explained that these low-point men were highly trained specialists and would be used for training cadres in the regular army, thus justifying their early return.

But here is what really happened:

On January 14 just two days after the parade, the commanding general, ground forces, issued the following directive: "Report for discharge as surplus upon arrival in this country all enlisted men assigned to 82nd Airborne division, who will have completed two and one-half years service as of April 1, 1940 or have an ASR score of 44... No publicity will be given this directive."

These low-point men came to parade in New York, leaving high point men in Europe, but now, despite the war department's previous alibi, the low-point men are getting out.

The last sentence is significant: "No publicity will be given this directive." No wonder the high-point GIs are burned up.

American Foreign Legion

Ex-minister to Canada Jimmy Cromwell, once reprimanded by Cordell Hull for urging aid to Britain, has come up recently with another long-range idea—an American Foreign Legion.

Cromwell points out that there is no use having ambassadors of ill-will abroad in the person of disgruntled GIs who justly feel they have a right to come home.

Their presence only creates ill-will and plays into the hands of isolationists. Furthermore, the presence of foreign troops in any country always causes friction. In France today, American heroes of yesterday, once welcomed as liberators, are now scorned as unwelcome bombs.

Therefore Cromwell urges that we make use of the large number of displaced persons in Europe who don't want to go back home, and organize them into an American Foreign Legion. The Poles alone have an army of around 250,000, many of whom don't want to return home. Some of the Italians who formed work battalions here during the war

M.U. Tigers do Upsetting in The Big Six

Oklahoma A. & M. Remains Undefeated; CMSTC And Jewell on Top

By Skipper Patrick
KANSAS CITY, Feb. 11.—(P)—The Missouri Tigers, battered up in four of their six conference games this season, may yet have a hand in deciding whether the Kansas Jayhawks or Oklahoma Sooners get the 1946 Big Six baseball title.

The Tigers get a return crack at both Kansas and Oklahoma and if a couple of returned war veterans continue the form they showed in Missouri's 58-47 win over Kansas State the past weekend Coach George Edwards' crew could yet pull a major surprise.

Forward Thornton Jenkins, just back from the army, poured in 18 points as the Missourians whipped Kansas State at Columbia Saturday night. Jim Austin, an ex-Marine, added 14. It was the highest scoring total Missouri has reached this season.

Missouri plays Kansas at Columbia Feb. 22, and Oklahoma at Norman on March 2—two days after the Sooners and Jayhawks stage what may prove the championship game on the Oklahoma court.

Meanwhile, the loop leading Kansas team and Oklahoma return to action this week after a week of rest to operate again second division clubs.

Oklahoma, whipped only by Kansas and boasting a 4-1 record, hops on the Nebraska Cornhuskers at Lincoln tonight, then plays Kansas state at Manhattan tomorrow.

Kansas, unbeaten in six Big Six games, will play Nebraska at Lawrence Friday night. The Cornhusker fray will mark the return to college competition of Ray Evans, one of the Jayhawks' all-time athletic greats who is getting out of the army just in time to heal wounds caused by the loss of Gib Etramel, high scoring forward, to the Navy.

Charlie Black, who leads individual scorers in the conference with 109 points, plus Evans should ease a bunch of Coach Forrest C. (Phog) Allen's worries.

Missouri will give its rejuvenated Tigers a real test at Iowa State Friday night. The cyclones gained third place in the standings by defeating Nebraska, 57-43, last week.

Dave Weatherby, rugged Kansas State forward, turned in the top individual performance of the past week in scoring 25 points against Missouri.

Special Day At Sacred Heart Sunday

Two Recently Ordained Priests Celebrate Masses

Sunday was a special day at Sacred Heart church, when sons of two of the families of the parish, ordained priests of the Precious Blood Order, on February 2, in Carthagena, Ohio, had returned to Sedalia to celebrate their first solemn high mass in the church which they attended during their youth. The first service was at 8:00 o'clock, the second at 10:30 o'clock. The Rev. John Michael Behen, son of Mr. and Mrs. Edward S. Behen, was celebrant at the early service, the Rev. Francis Bartley Sullivan, son of Mr. and Mrs. P. E. Sullivan, at the second.

The large edifice was crowded at both services.

Escorted by members of the clergy, an honor guard formed of Fourth Degree Knights of Columbus, flower girls, altar boys and members of the Holy Name Society, the priests, one at each service, were escorted from the school building to the church and down the main aisle to the altar, where the Knights formed an arch with their swords, as they entered the sanctuary.

At Father Behen's mass Richard Stohr, son of Mr. and Mrs. Julius Stohr, was chalice bearer and Dorothea Linden, daughter of Mrs. Harold Linden, flower bearer.

At Father Sullivan's service Anthony Menefee, son of Mr. and Mrs. Eldred W. Menefee, was chalice bearer and Patricia Keating, daughter of Mr. and Mrs. Thomas Keating, flower bearer.

In the sanctuary, participating in the services, were the following members of the clergy: Father A. J. Brunswick, pastor; Father William Stack, assistant pastor; Father Lawrence Grawney, pastor of St. Joseph's church; Father Christian Daniel, Star City, Ind., formerly pastor of Sacred Heart church; Father John Neils, Centerville, Iowa, a former assistant pastor; Father James K. Couhig, Oklahoma City, Okla.; Father George Luberly, Carthagena, O.; Father Edmund Ryan, Carthagena, Ohio.

Came From Paris
There were many out of town relatives and friends of the priests at the service. Father Sullivan's brother, Joseph Sullivan, recently released as a Lieutenant Commander in the navy, and since representing a New York firm in France, flew from that country for the occasion. He arrived in Sedalia Saturday afternoon and

Charge he Gave Bad Checks

ST. LOUIS, Feb. 11—(P)—A man under indictment in connection with transportation of bogus securities from Wheeling, W. Va., and Salt Lake City to Hannibal, Mo., is being held by the Federal Bureau of Investigation at Valdosta, Ga., FBI agent Gerald Norr said here today.

He identified the man as William Bowers, 52 who was arrested in Georgia late Friday.

Norris said the indictments at Wheeling and Salt Lake allege that Bowers made out fraudulent cashier's checks on the Hannibal National bank for large amounts and used them to open bank accounts. They further allege, he withdrew portions of the newly-opened accounts in cash.

The indictments carry a possible penalty of \$10,000 fine or 10 years in prison or both.

Morton Weaver, cashier of the Hannibal bank, said fraudulent cashier's checks had been received from out-of-town banks for clearance, but that his bank had refused payment on them.

Triple A Plan Under Way For Signing Up

Soil Conserving Will Be Stressed During The Year

On Wednesday, January 30, thirty-four Pettis County Triple-A Community committeemen were present at a discussion and training meeting in preparation for the 1946 Farm Plan sign-up which is now getting under way, announced Jas. A. Harvey, County Triple-A chairman.

The program opened at 10:20 with an address by the County Triple-A chairman who stressed the importance of the sing-up campaign to contact each farmer in the county to explain the change in the 1946 program from past years as a program now designed toward soil conservation and to give each farmer an opportunity to declare his intention to participate in this year's program. He also stressed the need for the early signing of the plans to afford those farmers intending to participate the "go-ahead" signal.

The 1946 National goals, support prices and feed situation was discussed by the County Triple-A fieldman, Calvin Holloway. In his address he explained how the national food and feed goals would be broken down into state and finally county goals for post war production. Meetings of county farm leaders are being held in each county to recommend that county's 1946 goals.

Discussed Allowance

A very interesting and informational discussion on the readjustment allowance for self-employed veterans as it pertains principally to the veteran returning to the farm was given by O. R. Catron, Claims Deputy from the Unemployment compensation Commission Office of Sedalia.

The afternoon session opened with a talk given by a representative of the Missouri Chemical Fertilizer Company of Joplin, Mo., on the availability of superphosphate in this county through the Conservation materials phase of the Triple-A program.

Following this discussion Mr. Holloway again took the floor to lead a discussion on goals, support prices, price ceilings, subsidies, and the 1946 approved soil conservation practices for Pettis county. He reviewed for the committeemen the specifications of the practices to meet qualification for payment this year, the practices including (1) contouring row crops, (2) contouring drilled crops, (3) construction of standard terraces, (4) construction of diversion terraces, (5) construction of terrace outlets, (6) construction of dams for livestock water, (7) plowing under clovers for green manure crops, (8) construction of farm drainage ditches, (9) harvesting hayseed, (10) tree planting for forestry and gully control, (11) application of limestone and (12) application of fertilizer with grass and legumes.

J. U. Morris, Pettis County Extension Agent, then gave a discussion of the balanced farming plan recommended by the Missouri College of Agriculture and explained the cooperation of the Extension Department and the Triple-A Association in carrying out soil conservation practices advocated in the plan and the benefit received therefrom in increased productivity of the soil and increased returns to the farm family.

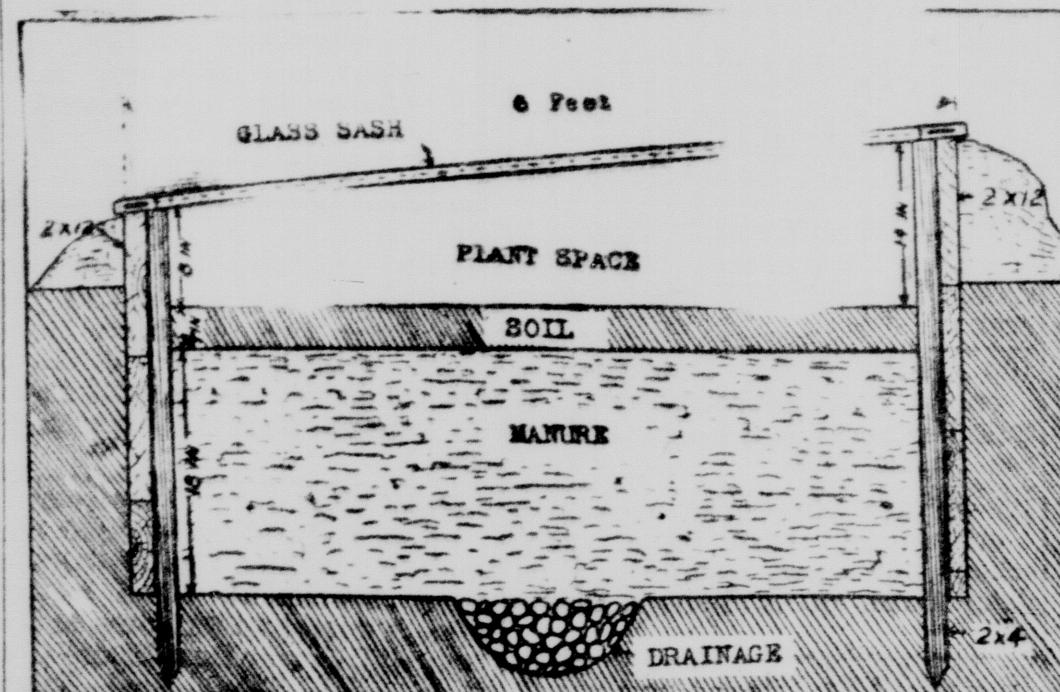

The county chairman explained to the committeemen the importance of the 1946 county Triple-A program based on the farm plan date to be obtained. Following this discussion the chief clerk gave instructions for listing soil building practices and completing the Farm Plan.

The meeting for the day closed with a summary by the chairman and a request that the committeemen take to the farmers of the county the importance of the need for holding the soil we have and to put back each year what is taken out through crops.

Economics Clubs Have 761 Members

Enrollment reports show that the thirty-two home economics extension clubs in Pettis county now have a membership of 761 women. Two new clubs are in the process of organization. The extension clubs having completed their 1946 programs include: Arator Homemakers, Bennett Home Improvement, Blackwater Progressive, Bothwell, Bowling Green, Buncombe Willing Workers, Champion Striped College Home makers, Dresden Homemakers, Eldorado, Flat Creek, Georgetown Homemakers, Hopewell, Hughesville, Ionia Homemakers, La Monte Homemakers, La Monte Thursday, Longwood, Lookout Hustlers, Maplewood, Neighborly Neighbors, Oak Grove, Oak Point, Prairie Ridge, Quisenberry, Ringen Neighbors, Smithton Friendly Homemakers, Smithton Home Economics, South

Preparation Of Hotbed

The vegetable gardener who grows his own plants already is making plans for the season ahead. The first part of February will see him start planting seeds in hotbeds, says Clyde Cunningham of the University of Missouri College of Agriculture.

About 50 days are required for cabbage, broccoli, and cauliflower to grow from seed to transplanting size; 45 are required for tomatoes, 75 for peppers and eggplant, 60 for celery and 40 for sweet potatoes.

To have plants ready to transplant at the rates suggested in the Missouri Planting Calendar the seed will need to be planted near

Abell, Stokely Home Economics, Sunnyside, Van Natta Homemakers, and Walnut Grove Homemakers.

Way For Good Job On Chicks

Doing a good job with the chicks raised this spring is the first step toward efficient production from the coming pullet flock, says County Agent, J. U. Morris.

First requirement is to secure good chicks. This means chicks that are production-bred, and from flocks rigidly tested for pullorum.

Anyone interested in growing a better garden can gain valuable information from this circular which offers a number of helps in gardening. A special feature of this new publication is the Missouri Vegetable Planting Calendar. Among other things it gives the dates of planting, the variety to plant, number of plants required for a family, distance between rows, and amount of seed to plant.

The circular also points out good garden practices such as plowing under organic matter, applying commercial fertilizers, proper seedbed preparation, and planning a one, two, or three garden area. A garden plan as is explained fits in very well with a balanced farm plan. If the three area plan is used the first area is used for vegetables, the second for small grain and legumes, and the third area for pasture for the laying hens or pullets, for farrowing spring litters of for pasture for milk cows, calves, pigs, or lambs.

Insect and disease control of vegetables are also discussed in this new publication.

Copies of this circular are available at the county extension office at 410½ South Ohio, in

Sedalia.

Built-up litter in the laying house is very effective for holding temperatures high enough to keep hens laying all winter.

Dairy Meeting On February 15

An all-day dairy meeting to discuss dairy breeding and management problems and dairy diseases will be held in the Circuit Court room in the Court House at Sedalia on Friday, February 15.

All Pettis county dairymen and others interested in dairy production are invited to attend this meeting which will begin promptly at 10:00 a. m. and last until 3:00 p. m.

A number of speakers have been engaged to appear on the program. M. J. Regan, extension dairy specialist, will discuss dairy breeding and management problems. Dr. A. W. Uren, extension veterinarian will discuss cattle diseases and their control. John Fawcett, manager of the Missouri Farmers Association at Springfield, Mo., will appear on the program to discuss the artificial breeding program in the Springfield area and also to show a motion picture on artificial breeding.

The goal in home ground improvement is to develop attractive surroundings as easily and inexpensively as possible. A smooth open lawn with the necessary buildings and equipment grouped for convenience, yet so arranged as not to obstruct the view of the

dairymen interested in an artificial breeding program in this area will find this meeting of special interest. An artificial breeding program in dairy cattle has been in operation near Springfield for quite some time, and the information Mr. Fawcett will present at the meeting should be of much value to those interested in a similar program here. The extension specialists appearing on the program will give timely information to all dairy men.

Leader Training Meet Feb. 18

The leader training meeting on "Home Grounds" for the home economics extension clubs will be held Monday afternoon, 1:30, February 18 at the public library. Miss Madonna Fitzgerald of the University of Missouri will show colored slides and lead the discussion on planning the home grounds.

The goal in home ground improvement is to develop attractive surroundings as easily and inexpensively as possible. A smooth open lawn with the necessary buildings and equipment grouped for convenience, yet so arranged as not to obstruct the view of the

dwelling from the highway, forms the basis for home and farmstead improvement.

The yard is the setting for the picture made by the house and outbuildings, along with the trees, shrubs, and flowers, and no home can be attractive without taking these into consideration. Pride should urge every farm family to make the picture which their home presents to the passing public a charming one.

The leaders attending this meeting will have charge of the program in their respective clubs later and will thus be able to pass on the information which they obtain.

Prepare your cows for a Big Letdown

IN recent tests on a large dairy herd, a two-man team machine-milked 54 cows in an hour. That's just about a cow a minute. They were using the new correct milking method which cuts milking time in half. Time and labor are saved, more milk is obtained, herd profits are increased, and the danger of mastitis is lessened. The new method or hand-milked.

To prepare your cows for a quick letdown of milk, first massage the udder vigorously for 20 seconds with very warm cloth (130° F.), wrung out of a chlorine (250 parts per million) solution. Second, draw two or three streams from each quarter into a strip cup—which removes milk of high bacterial count and permits inspection for abnormal milk indicating mastitis. These two steps stimulate the cow's milk glands and cause her to let down in about 40 seconds. Milking should be started within a minute after udder massage and finished within four minutes, including brief stripping either by hand or machine. It is good practice to sterilize teat cups in a chlorine solution after each cow is milked.

Most cows respond to this correct milking method. Giving heifers an occasional udder massage before they freshen helps develop them into fast milkers. In the case of cows not previously trained for fast milking, most of them will respond to faster milking if milking time is shortened gradually from three to four minutes.

An excellent illustrated circular which gives full details on this method of milking may be obtained from the University of Wisconsin, Madison, Wisconsin. Or inquiries may be made to your County agent or nearest Agricultural Experiment Station.

THE EDITOR'S COLUMN

Profits Mean Progress

If someone offered you a deal which gave you a chance to make about 1% of the price your steers, hogs, or lambs sell for, we doubt if you'd get very enthused about it. The profit margin would be too small—about 3¢ on a \$35 hog, or only \$35 profit on 100 hogs.

Swift & Company makes thousands of such very low-profit deals every day in the year. At the end of the year 1945, for instance, we came out with a profit of only 9/10 of 1 cent per dollar of sales on our total volume.

The meat packing industry is highly competitive, and many of its products are very perishable. But like you, or any other able businessman, we want to make more profit than that 9/10 of 1% on our business. Profits mean progress, and in order to progress, everyone—producers and meat packers alike—must receive more than barely enough to meet expenses.

Producers of livestock and other farm products got 75¢ of each dollar we received from the sale of all our products, including hides, wool and all by-products. You may well ask, "Where did the remaining 25¢ of that dollar go?" The answer is: 12.3¢ went to all plant and office employees who prepare and market these farm and ranch products; transportation took another 2¢; supplies (fuel, barrels, boxes, salt, sugar, etc.) cost 5.1¢; taxes, 1.4¢; other necessary expenses 3.3¢. And that left just 9.10 of a cent out of the average sales dollar for the development and protection of the business and as a return to the people who have invested their savings in Swift & Company.

MURDER IS HIS WAY OUT

NEXT MORNING: WHAT'S YOUR THEORY ON THIS LOCAL CRIME WAVE, CAPTAIN EASY?

FIRST, READ THIS STORY WRITTEN BY THE MAN WHO WAS MURDERED TWO NIGHTS AGO!

EVA SASSO KIDNAPES ESCAPES POLICE TRAP

On Accomplice Fatally Wounded, Another Fries With Wounded Leader

By MAL 1887

The kidnapper of 16-year-old Eva Sasso was seriously wounded in a battle with police as he escaped with the ransom last night.

The man was identified as "Julie" by an accomplice who died in the fight. The dead man has not been identified, nor was a description given of the second kidnapper, who helped the leader get away.

Police describe Julie as being 5 feet, eight inches tall, with an ugly wad extending from his chin. Details were not given as to how he could escape detection for more than a few days.

SIXTEEN YEARS LATER HAL IRVING JACKSON KILLED JULIE DOWN HERE, WHERE HE'S BEEN LIVING SINCE SIX DAYS AFTER HIS ESCAPE!

IT'S INCREDIBLE AFTER ALL THAT PUBLICITY! BUT HOW COULD HE HAVE ESCAPED DETECTION?

YOU MEAN TO SILENCE ME?

HAL WAS KILLED BECAUSE HE HAD THE ANSWER TO THAT! I THINK THE MURDERER ALMOST STRUCK AGAIN LAST NIGHT FOR THE SAME REASON!

HE'S DEAD! SHOT THROUGH THE HEART!

EVIL SPIRIT LIVE-UM HERE!

LIGHTS, BUT NO LIGHT

BY FRED HARMAN

I DON'T ENVY THESE LANTERNS? AND WHY WAS THIS MAN SHOT?

Pfc. B. Barber Has Release

Pfc. Byron Barber, U. S. Marine Corps Reserves, arrived home this morning after twenty-two months and 20 days of service, fourteen months and 20 days of which were spent overseas in the Pacific theatre of war. Pvt. Barber received his discharge on February 5. The U.S.S. O'Hara is one of hundreds of non-combatant Navy ships which carried troops and supplies in the U.S. island-to-island offensive throughout the Pacific war.

Pvt. Barber arrived in the states on January 29 at San Diego, Calif., after seeing service at Pearl Harbor, New Zealand, Guadalcanal, Tulagi, Okinawa, Guam, Tientsin and Tsingtao, China. On his return trip to this country from China his ship docked at Japan, but the Marines did not go ashore. He was in combat in Okinawa.

He was in the 6th Marine division, Fleet Marine Force, and was assigned to a tank unit.

Mrs. Barber and their two children Billy Lee and Joyce Marie reside at 809 East Fourth street.

Story Book Romance

ST. LOUIS, Feb. 11—(P)— A young St. Louis army officer who first met his bride-to-be on a train in England, proposed to her by mail from Okinawa and who flew the Atlantic twice to bring her here is a married man today. The story book romance of Miss Irene Thomas, 21, of Manchester, England, and First Lt. Peter Thomas, 29, of St. Louis, began on an English train in 1944 when they struck up a conversation about the similarity of their names.

Thomas left England for the invasion of France and was later transferred to the Pacific where he decided to propose — by mail. "It was the starry sky one night, just before we hit Okinawa, that did it," he recalled.

He returned to the United States last December, was lucky enough to get a flight priority and flew to England. There Miss Thomas accepted him and they found air accommodations back to this country.

The couple was married yesterday in the chapel of Evangelical Children's home in St. Louis, where Thomas lived for eight years.

Western Union Employees go Back

NEW YORK, Feb. 11. — (P) — Western Union employees in the Metropolitan area returned to work today, ending a five-week strike which crippled New York City's telegraphic communications and hampered the nation's cable service to Europe.

Ralph H. Kimball, the company's vice president in charge of industrial relations, said, however, that normal operations probably would not be restored for two or three days. He said the time would be required to replace some workers who apparently obtained other jobs during the strike.
